## FADRA CODE OF ETHICS

*As a condition of membership in the Association of the Florida Auto Dismantlers and Recyclers Association, we agree:*

- 1. To promote the conservation of energy and the total utilization of our resources, both natural and manufactured.*
- 2. To determine, within all practical limits, the quality and condition of each automotive part offered for direct recycling and to represent same accurately.*
- 3. To accept the social responsibility for good community relations, improved environment, integration of minority personnel into the industry, and for assisting local charitable and civic organizations.*
- 4. To be compatible business neighbors.*
- 5. To maintain a clean and non-polluted environment in our places of business.*
- 6. To operate according to the ordinances, statutes, and laws of the various jurisdictions.*
- 7. Not to reduce a reusable automotive part to scrap as long as we believe there remains a reasonable potential of saving the energy it represents by negating the need to manufacture a similar replacement part.*
- 8. To provide the best possible product at the lowest possible cost.*
